Hugh Brock MD

Dr. Brock is an Orthopedic Surgeon with Presbyterian Medical Group – Orthopedics.

PRESBYTERIAN

Hugh Brock, MD joined Presbyterian Medical Group in 2011. He chose this specialty after seeing first-hand how joint replacements can remarkably improve patients' lives. He was raised in Albuquerque and enjoys the outdoors and spending time with his family.

For more information about Presbyterian Medical Group – Orthopedics or to schedule an appointment, call (505) 253-6100.

Education and Training

Dr. Brock earned his medical degree at the University of New Mexico. He completed his orthopedic surgical residency at the University of Kansas Medical Center and underwent fellowship training in hip and knee replacement surgery at Stanford University in California. He is currently board eligible.

Presbyterian Medical Group – Orthopedics

The Presbyterian Medical Group – Orthopedics team brings the most advanced orthopedic medicine to patients with new technology in joint replacement, arthroscopy and minimally invasive surgery that reduces scar tissue and accelerates healing. Musculoskeletal pain or injury often requires immediate attention, and the Presbyterian Medical Group Orthopedics team is capable and responsive to those needs through the Rapid Access Clinic.

Presbyterian's orthopedic specialists take the time to diagnose, treat and refer patients to other specialized physicians when needed. We carefully evaluate and treat acute, traumatic, chronic and overuse injuries of the muscles, bones, tendons and ligaments by both surgical and non-surgical means.

The Presbyterian Medical Group Orthopedics clinic is located at Presbyterian Rust Medical Center at 2400 Unser Blvd SE in Rio Rancho.
