

# Patrick Mulkey, MD, JD, MPH

Dr. Mulkey is an orthopedic surgeon at Presbyterian.

 **PRESBYTERIAN**

**Patrick Mulkey, MD** specializes in adult reconstructive orthopedic surgery. His practice is focused on the evaluation and surgical treatment of a wide range of orthopedic issues, including hip, knee, shoulder and joint replacements. Dr. Mulkey is able to help his patients live active, productive lives by addressing their medical and surgical needs, as well as providing resources and support for their everyday activities. During his free time, Dr. Mulkey enjoys spending time with his wife and their two children.

## Education and Training

Dr. Mulkey received a bachelor's degree in political science from the University of New Mexico and a law degree from the University of New Mexico School of Law. He later earned his medical degree at the University of New Mexico School of Medicine. Dr. Mulkey completed his orthopedic surgery residency at the University of Arizona Health Sciences Center in Tucson, Arizona and most recently completed an orthopedic fellowship in adult reconstruction at the University of Utah Hospitals. Dr. Mulkey is board eligible in orthopedic surgery.

### **Dr. Mulkey sees patients at this Presbyterian Medical Group location:**

8300 Constitution Ave. NE, Albuquerque  
(next to Presbyterian Kaseman Hospital),  
(505) 253-6100
